TTY (202) 418-2555

**Report No. SAT-01671**

**Friday October 7, 2022**

## **Satellite Policy Branch Information**

### **Space Station Applications Accepted for Filing**

The applications listed below have been found, upon initial review, to be acceptable for filing. The Commission reserves the right to return any of the applications if, upon further examination, it is determined that the application is not in conformance with the Commission's rules or its policies. Consideration of each satellite application in this Public Notice may depend on the Commission's action on another satellite application earlier in the queue. Petitions, oppositions, and other pleadings filed in response to this notice should conform to Section 25.154 of the Commission's rules, unless otherwise noted. 47 C.F.R. § 25.154.

**SAT-MOD-20220624-00063**    E S2179    EchoStar Satellite Services L.L.C.  
Date Filed: 06/24/2022 14:17:17:10300  
Modification

On August 19, 2022, EchoStar Satellite Services, LLC supplemented its request for modification to extend the license term of the EchoStar 9 space station. Specifically, EchoStar seeks extension of the satellite license term through September 30, 2024, rather than through April 30, 2023, as initially requested. See Letter from Jennifer A. Manner, Senior Vice President, Regulatory Affairs, EchoStar, to Marlene H. Dortch, Secretary, FCC (filed Aug. 19, 2022). EchoStar 9 operates in the fixed-satellite service from the 121° W.L. orbital location and uses the 11.7-12.12 GHz, 18.3-18.5 GHz, 18.6-18.8 GHz, 19.7-19.9 GHz, and 20.0-20.2 GHz (space-to-Earth); and 14.0-14.5 GHz, 28.4-28.6 GHz, 29.3-29.7 GHz, and 29.8-30.0 GHz (Earth-to-space) frequencies. Telemetry, tracking, and command is performed using the following center frequencies: 11705.5 MHz and 12198 MHz (space-to-Earth); and 14003 MHz and 14497 MHz (Earth-to-space). The application was previously accepted for filing on August 12, 2022, and is now accepted for filing with the revised license term request. See Satellite Policy Branch Information, Space Station Applications Accepted for Filing, Public Notice, Report No. SAT-01656 (Aug. 12, 2022).
